

One of the oldest courses in Okinawa with a history of 51 years, located on 158.1m-high Mt. Untamamui in a suburb of Naha.

The Out Course is located on hilly land, and the strategy greatly depends on the landing of the tee shot. The In Course features sloped fairways, roughs and greens, which make the approach and putting difficult. The iron is the key to a good score. The course is rather short with par 70 and is popular among women and the elderly.
